Re: Closure of Administrative Order
Docket No. SDWA-08-2004-0034
PWS ID# WY5601532

Dear Mr. Crouch:

This letter is to inform you of the Environmental Protection Agency's (EPA) decision to close the Emergency Administrative Order ("Order"), Docket Number SDWA-08-2004-0034, issued to the Hoback Stores water system on July 9, 2004. EPA has determined that the system has complied with the terms of the Order and that the imminent and substantial endangerment no longer exists. EPA has therefore decided to close the Order.

Please be aware that you are still required to comply with the National Primary Drinking Water Regulations ("NPDWR"), 40 C.F.R. part 141. In addition EPA recommends that you continue to adhere to the recommendations outlined in the Operations and Maintenance manual for the treatment unit installed on the system to help ensure continued compliance with the maximum contaminant level ("MCL") for nitrate. Subsequent violations of the nitrate MCL could lead to additional enforcement actions. Violation of the NPDWRs or an administrative order may subject you to a court-imposed injunction and penalties of up to \$27,500 per day of violation.

If have any questions about your compliance requirements, please feel free to contact me at (303) 312-6896.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lisa Kahn".
